

For MOST Educators: How to Obtain COPIC Points for Presentations

COPIC-insured physicians can earn a discount on annual by participating in approved education opportunities that expand their professional knowledge of patient abandonment concerns. Both of the MOST presentations qualify for this point.

If you are providing education to medical groups, you can offer this incentive to COPIC-insurance physicians. The presentation must be facilitated by a physician, the attendees must be present for the entire presentation, and attendees must sign in on a sheet that will be submitted to COPIC.

Use the attached attendance sheet. Upon completion, include your name and contact information as the person submitting and fax it to Marguerite Long at 720-858-6003.
